MOTION TO RESCHEDULE HEARING

On October 20, 2000, the Commission issued its Order setting the procedural schedule in the above referenced proceeding. AT&T Communications of the Southern States, Inc. and TCG of the Carolinas, Inc. (collectively "AT&T"), hereby respectfully request that the Commission reschedule the hearing and all preceding filing dates due to the extremely rigorous arbitration schedules during the months of January and February 2001, for both AT&T and BellSouth. BellSouth approached AT&T, and AT&T has agreed with BellSouth to request that the Commission reschedule the hearing. As such, AT&T respectfully requests that the Commission change the dates for the Arbitration proceeding between AT&T and BellSouth as follows:

Direct Testimony	February 6, 2001
Rebuttal Testimony	February 20, 2001
Hearing	February 26, 2001

AT&T understands that this Commission has instituted a generic unbundled network elements ("UNE") cost case, Administrative Case 382. As such, AT&T is willing to have all

the UNE cost issues in this arbitration proceeding moved into that generic proceeding. As such, filing cost studies in this proceeding is unnecessary.

In light of this new procedural schedule, both AT&T and BellSouth propose that the deadline for the Commission's decision in this proceeding be extended an additional 60 days. Therefore, the new date for the Commission's decision would be April 13, 2001.

Respectfully submitted,

Jim Lamoureux
